Membership Application and Field Maintenance Donation Form

Flying Field Location: Irving Park Rd.
west of Cumberland Ave.

About RSM...

Radio Signal Modelers Flying Club has had its "flight operations" at the Shiller Woods Flying Field since its inception in 1971. The club is currently the only organized AMA chartered flying club supporting the Shiller Woods Flying Field. As a result, RSM members are responsible for the field's flight readiness. RSM mows the runway lawn weekly during the growing season and annually rolls the field to promote a smooth runway for all users of the Shiller Woods Flying Field. Field maintenance is the primary use of RSM's annual dues and donations.

Become a member...

It's easy to become a member of the Radio Signal Modelers Flying Club. Annual membership dues are only \$50 for full membership, and family members may be added for only \$5 additional per person. Use of the Shiller Woods Flying Field is restricted to members of the Academy of Model Aeronautics ("AMA") and therefore all full members must be AMA members to join the RSM. Simply fill out the application below, and mail the completed application along with your check made out to "Radio Signal Modelers" to our Club Treasurer, Terry Gombert, 902 N. Ardmore Ave., Villa Park, IL 60181 (email Terry at: tersal816@hotmail.com). A membership card will be sent to you which you may use as evidence of your membership on the field frequency board. **You can also join on the club's website, radiosignalmodelers.com, where you can fill out your membership application on-line and pay through Pay Pal.**

Name: _____ RC Channel No: _____

Address: _____ City _____ Zip _____

Phone No.: _____ Email: _____

AMA No.: _____ Membership _____ Donation Only _____

Attend a club meeting...

While your attendance at club meetings is not required in order for you to maintain your membership in RSM, it is a good way of meeting with your fellow RC enthusiasts and learning more about RC airplanes through our discussions. The club meets on the first Thursday of every month at 6:30 p.m. at the Ambassador Restaurant, 7050 Belmont Ave., Chicago (October-May). Meetings are held at the Shiller Park Flying Field, weather permitting, for the scheduled meetings in June, July, August and September.

Learn to fly RC...

Several experienced club members have agreed to act as club instructors to assist new club members in learning to fly RC airplanes for the first time. Joining the club as a beginner is the best way to learn proper flying techniques and help preserve your investment in your first plane.

Or just make a donation...

As the sole source of maintenance at the Shiller Woods Flying Field, all users of the field benefit from the hard work and devotion of the members of the RSM in maintaining the field. Users of the field can help ensure that the field receives all the attention it needs by making a donation to the club at the above address. Please fill out the application so that we all know who to thank. Thanks in advance for your help!
